## ABOUT ME

I am a young, enthusiastic and creative new media designer and developer with 3 years of industry experience. I enjoy creating simple, functional, and engaging websites which are web standards compliant. I am continually motivated to perfect my skills and stay on top of the ever changing web industry.

## EDUCATION

### **Notre Dame Sixth Form College**

2001-2003

Courses Studied: Computing, Media Studies, Psychology, Sociology

### **Cardinal Heenan RC High School**

1997-2001

Courses Studied: Information Technology, Graphic Products, Art

## EMPLOYMENT

### **ORCA Websites**

June 2007 - Present

Creative Manager / Web Designer

Originally starting as a web designer & developer I later progressed to creative team manager. Whilst there I have utilised skills such as project management, client liaison, creating identities, hand-coding HTML & CSS, working with a CMS, various forms of print-work, working with and supporting a small team and managing workflow to meet deadlines.

### **Freelance**

Graphic design / Web development

Before I got a permanent position as a web designer I worked on a number of projects for small businesses in the Leeds Area.

## ACTIVITIES

Up until my current job, I was the lead singer of a band for some years and got the chance to go on several tours across UK and Europe and record a CD/LP. After parting ways with the band I still try to keep musically creative through music production and am currently signed to an independent record label. Other interests of mine include freehand drawing, film, photography, visiting art galleries and exhibitions and live events.
